Select Oak Portable TOOL CASES

Sold Everywhere  
at \$10.50      **\$6.95** Less than  
Wholesale

Don't overlook this opportunity to secure one of these handsome "Ehlert's" Tool Cases at this exceptionally low price. Description: Our Tool Cases are strictly high-grade, first-class material and workmanship. Made of select oak. Case proper has full width lumber, no pieces glued together which will come apart. Front cover, which slides under the drawers when open, is made of three-ply veneer to prevent warping, same has a two-keyed Corbin cylinder lock.

The case is put together with double lockjoints, thoroughly glued and nailed, a superior method to dove-tailing. The drawer fronts also have the double lock joints to prevent pulling front off. The knobs are solid brass. The slides on which the drawers slide are mortised into the sides of the case, then glued and nailed.

Our cases are finished in rich golden oak, one coat of filler and two coats of varnish. Corners are heavy brass plated steel.

Outside dimensions: Width 18 inches and 20 inches, height 11 1-2 inches, depth 8 1-2 inches. 18-inch cases weigh crated 23 lbs., 20-inch cases weigh crated 26 lbs. Special cases made to order. Send remittance in personal check or money order. No goods shipped O. D. We will refund money, if not as represented, or if not satisfied.
